This dashboard shows average entries on Metrorail per day, by time period, by station for the selected filters. By default, the dashboard is filtered to weekdays only.

In 2023, Metro began recording passengers entering through faregates without tapping a fare. For this reason, this dashboard is best viewed by selecting discrete years and then filtering a date range within that year, but you may select multiple years if you wish.

You may download a picture of the chart or download the data currently displayed on the dashboard by clicking the icon on the top right.

Showing Data Through 2/28/2025
