This dashboard shows average entries on Metrorail per day, by time period, by station for the selected filters. By default, the dashboard is filtered to weekdays only.

In 2023, Metro began recording passengers entering through faregates without tapping a fare. For this reason, this dashboard is best viewed by selecting discrete years and then filtering a date range within that year, but you may select multiple years if you wish.

You may download a picture of the chart or download the data currently displayed on the dashboard by clicking the icon on the top right.

This table shows total entries and exits per day on the Metrorail system. You may use the filters to see the total for a selected date range, type of Metro service, time period of the day, and/or a combination of stations.

Beginning on January 1, 2023, these totals include passengers who entered or exited faregates without tapping a fare. Before 2023, these totals are only paid entries and exits.
